

Meeting Date/Time: 21.07.2025 / 10:00

Participants : FhG SCAI, DLR BT, BAM, BETA CAE

Agenda:

1. BC Development – Requirement Gathering

The examples provided by BETA CAE and BAM were discussed briefly.
VMAP SC plans to use the NAFEMS Benchmark use cases for as examples. The discussions with NAFEMS will be coordinated and reported soon.

2. BC Development – Specification Drafting

A first idea of aligning the initial conditions and boundary conditions was presented at the meeting. The specification drafting will go on for the next few months with discussions and feedback from the members.

3. Next Meeting

August 18, 2025, at 09:30 CEST
